“Follow” ECCK on LinkedIn

Dear Valued Members and Friends

The ECCK has formally opened its company page on LinkedIn as of April 1 – following a test phase of approximately two months. We are happy to see more than 100 followers in such short time. Though starting small, we expect many more followers to join and receive updates as well as useful information from the ECCK in a less informal manner.

If you would like to be caught up on the interesting happenings surrounding the ECCK, either simply click the LinkedIn logo on www.ecck.eu or type “ECCK” in the LinkedIn’s search menu and click Follow.

I look forward to meeting you online ☺

Best regards,

Christoph Heider
Secretary-General
European Chamber of Commerce in Korea
