Eckert Schools International

Qualified Internationalization Project of German Dual System

For ECCK Members who are searching for Young and Talented Skilled-Workers

Meet Qualified Meister Highschool Students of Korea

- **For European, especially for German Companies**

Are you looking for young skilled-workers who have European mindset and highly qualified in their major fields?

Do you have production sites in Germany and also in Korea?

Is your HR team confronting a technician/trainee shortage in your home country?

- **Our Offer: Young technicians, who are highly qualified, recommended by each schools with excellent notes, and ready to work**

Under cooperation with Local Offices of Education in Korea, Eckert Schulen provides 3 months of training in Germany for pupils(age 18) of Korean Meister&Technical Highschool. They learn the language, culture as well as working circumstances in Germany. Our curriculum is as following, taking place annually from September to December:

6 Weeks

German Language Course
German for Technicians
(A2 level)

4 Weeks

Technical Training in Major Field
(Currently, CNC Technic,
Polymechanics)

2 Weeks

Internship at German Company

For ECCK Members who are searching for **Young and Talented Skilled-Workers**

Meet Qualified Meister Highschool Students of Korea

- **Cost: Companies have no burden.**

Korean local office of education supports the expenses of the training, accommodations, cultural program, transportation and so on. Upon request of an interested company, Eckert Schulen can adjust the curriculum(Expense may occur).

- **Our request to ECCK Member Companies:**

Provide students with opportunity to start their career at your company.

Ausbildung(Apprenticeship) in Germany, or Employment in Korea would be the best chance for students. We provide you with Resume, Coverletter and Transcript of records of students.

By establishing HR coopeation network with local office of education and us, you will be able to expand your HR pool of young and talented technicians in Korea.

*Employment is not obligatory.

Impression of our Program

German Language Course, Technical Training, Company Visits, Internship, Job Application Training
Cultural Site Visits, Graduation Ceremony and so on.

**For further information, please feel free to contact us at any time.
We look forward to your participation.**
