# LUKA KOPER

*Central Europe via Slovenia > Shorter > Smarter > Partner*

## ABOUT THE COMPANY

The public limited company Luka Koper operates all terminals and a logistics centre at the only Slovene commercial port, which is situated at the intersection of key European transport corridors. Koper's proximity to the Suez Canal offers the shortest route to major Central European industrial areas and capitals. Over the decades, Luka Koper has built an outstanding business that operates in accordance with the very highest international standards. The total throughput of the port in 2018 was 24 million tons, including 988,499 TEUs and 754,409 car units, making Koper the largest container terminal in Adriatic and one of the most important car terminals in Europe. Luka Koper is fully aware of its significance in relation to the natural and social environment in which it operates; consequently, it maintains a responsible approach towards such issues in its business and development.

# PRIGO

*At the crossroads of european corridors*

## ABOUT THE COMPANY

Prigo is a Slovenian provider of logistics and customer services that started its road transport operations in the early 1970s. Today, the company specialises in general and ADR international transportation, domestic and international distribution of pharmaceutical products and industrial and technical gases. Since the 1990s, the company's other core activity has been the maintenance of road goods vehicles. In 2002, Prigo became an authorised service provider for Mercedes-Benz, and today proudly boasts the number one service and repair centre in the region; it now represents other famous brands, including MAN, Thermo King, and Wabco. Prigo is ISO 9001 and ISO 14001 certified and is the first GDP-certified carrier in Slovenia.
