

---

Dear ECCK Members,

You are cordially invited to our upcoming afterwork co-hosted with the ECCK which will be held on

**Wednesday, 30 October 2019 at 7pm**  
**@Le Moulin Seorae**

For this event, we are looking forward to welcome:

**Dr. Tony Michell**, founder of Euro-Asian Business Consultancy (EABC) and Korea Associates Business Consulting (KABC) will speak on

**"Through a glass darkly" the prospects for the Korean economy in 2020**

The title from Corinthians 1 reminds us that the future is always uncertain, but the phrase "darkly" is intended to suggest that the prospects for Korea in 2020, under most scenarios, is negative. Alongside the reasons for expecting 2020 to be worse than 2019, I will look at some of the more promising features of the Korea that Moon Jae-in is shaping notably the impact of increased welfare spending. The wild card of the beginning of a North Korean settlement and its implications will also be addressed.

The cost of the afterwork is KRW 35,000 including cold cuts buffet and wine service charge and VAT included. Cancellation after this date and no-shows are subject to full payment. Limited to 30 seats.

Thank you to register on the link below, **payment at the venue**.

We are looking forward to seeing you.

With my best regards,

Frederic Weber  
SKBC (Swiss-Korean Business Council)  
Managing Director
