

ECCK Breakfast Meeting with KCCI Executive Vice Chairman WOO Taehee

Tuesday, July 7, 2020, 08:00
Bell Vue Suite (36F), Lotte Hotel Seoul

Event Outline

Korea has handled the COVID-19 Pandemic from a health-point of view in an outstanding way. Additionally, the Korean government has launched various support measures to soften the impact on the Korean economy but the outlook remains unclear. Naturally it depends very much on the further development of COVID-19 in Korea but also on the effectiveness of the stimulus packages if the Korean economy as stated by the Korea Development Institute can generate economic growth or not. It also will be interesting to learn if a crisis can be turned into an opportunity. WOO Taehee will share his insights and interpretation on the economic environment.
