

Joint ECCK – EBOWWN Webinar on RCEP

EVENT OUTLINE

ECCK in collaboration with the European Business Organisation Worldwide Network (EBOWWN) is organizing a webinar on the Regional Comprehensive Economic Partnership (RCEP). The RCEP is a Free Trade Agreement (FTA) that was signed on November 15, 2020 between the 10 ASEAN Members and its dialogue partners Australia, China, Japan, Korea and New Zealand, and is an important milestone in the regional economic integration. Companies located in the RCEP-region can leverage this FTA to benefit from the preferential market access provided. Learn how our experts on the ground evaluate the key achievements and limitations of the RCEP. The speakers will further discuss the impact the trade deal will likely have on supply chains and trade volumes across Asia.

About EBOWWN: The first global network representing the voice of European business abroad. Its global membership spans more than 35 countries outside the European Union. More information can be found at <https://eboworldwide.eu/>
