

# ECCK Future Development Forum

## EVENT DETAILS

The ECCK is happy to announce the second network event of the "Future development Forum". The event has the title "The Future of Operational Innovation: Data Science & AI" and will be hosted by Datacrunch Inc.

Profit and loss management has been increasingly important due to COVID-19. We will discuss how to leverage data science and AI capabilities to optimize business operations. The "Future Development Forum" is open to young professionals (25 to 40 years of age) from ECCK.

## The event in which we will touch "The Future of Operational Innovation: Data Science & AI" is set as indicated below:

Date: Monday, March 15, 2021

Time: 18:00 – 19:30

Venue: Datacrunch (29th fl. Parnas Tower, 521 Teheran-ro, Gangnam-gu)

Participants: ECCK members (25 – 40 years of age)

Admission fee: Free of charge

## The event is followed by a Casual networking from 19:30 to 21:00; details are attached below:

Date: Monday, March 15, 2021

Time: 19:30 – 21:00

Venue: Venue will be informed after registration

Admission fee: Pay what you eat
