

ECCK Live Webinar on the Role of the International Maritime Organization and its View on Current Maritime Topics

EVENT OUTLINE

During the webinar, Ms Martina FONTANET, Technical Officer at the Subdivision for Maritime Security and Facilitation of the IMO (International Maritime Organization) will introduce the IMO and its functioning, as well as outline some of the main topics in the agenda of the IMO, in particular the crew change crisis, facilitation and digitalization and climate change

EVENT DETAILS

Date: Thursday, April 15, 2021

Time: 17:00-18:00 Korea time

Venue: Online (link will be shared after registration)

Admission fee: Free of charge (this webinar is only opened to ECCK members)

SPEAKER

Martina FONTANET
Technical Officer
IMO

Ms. Martina FONTANET joined the IMO in 2019 as a port expert. She is a technical officer in the Maritime Safety Division, working on facilitation of international maritime traffic and digitalization of the ship-port interface. She is also secretary of the IMO Expert Group on Data Harmonization established to maintain the IMO Reference Data Model.

She worked previously as a senior advisor at the European Sea Ports Organisation (ESPO) in Brussels. Her fields of expertise included port management and performance, port financing and charging, institutional aspects and port reform, logistics and transport infrastructure. She was also responsible for the ports digital agenda, customs and administrative facilitation.
