

ECCK Information Session with KECO

EVENT OUTLINE

The European Chamber of Commerce (ECCK) would like to announce that an information session with the Korea Environment Corporation (KECO) on Resource Recirculation System is to be held.

Recently, the Ministry of Environment (ME) distributed guidelines related to the enforcement of prohibition of repackaging. This briefing will be an opportunity to learn more about the contents of repackaging violations and check the packaging status of each member company's products through various examples. In addition, it will clarify the contents of the packaging inspection system and the packaging material & structure evaluation system in general.
