Q3. What are the purposes of the visit that are allowed to enter with K-ETA?

A. K-ETA is an online travel authorization the nationals of visa-free entry countries are required to obtain before entering the Republic of Korea for the purpose of tour, visiting relatives, participating in events or meetings, or business (excluding profit-making activities). If your purpose of visit falls under K-ETA, you can enter the country via K-ETA without a visa. If your purpose of visit is employment, study, immigration, etc., you need to obtain an appropriate visa at a diplomatic mission of the Republic of Korea, not K-ETA.

\* Currently, the nationals of 50 countries/regions can apply for K-ETA (refer to Table 1)

Q4. How to enter the address?

A. To search for the address, click the [Find Postal Code] button and enter both the 5 digit postal code and the road name excluding building number in English in the 'Address Finder' pop up window. Note that Korean or special characters such as hyphen (-) cannot be entered.

Q5. When I upload my photo, it says that the file size limit exceeded. What should I do?

A. There is the limitation with the file sizes because numerous K-ETA applications from all over the world are being submitted. The sizes of the portrait photos need to be less than 100KB and 700\*700 pixels. If you find it difficult to resize the photos, you can install the mobile application (K-ETA) to take the pictures. Then, the photos will be resized automatically and uploaded instantly.

\* You can install the mobile application (K-ETA) from the App Store (iPhone) or Google Play Store (Android Phone).

Q6. How much is the K-ETA fee?

- A. The K-ETA application fee is 10,000 KRW per person (9~10 USD, additional charges are not included) and it can be paid with one of the global online payment enabled international credit cards or debit cards such as VISA, MASTER, JCB, or AMEX. Note that the application fee is non-refundable after payment is made regardless of the result of the application.

Q7. The visa-free entry of my country is suspended but I stay in the country/region where visa-free entry is available. Can I apply for K-ETA?

- A. The K-ETA application is based on the nationality of the applicants' passport. The country of departure or residence, possession of visas from other countries (including permanent residency status) are irrelevant to determine the applicants' eligibility for K-ETA. If you hold a passport of a country where visa-free entry is suspended, you must obtain a visa to enter the country.

Q8. When I select my nationality, it says "Selected country/region is not eligible or temporarily suspended for K-ETA". What should I do?

- A. The nationals of visa-waiver countries/regions (B-1) and designated visa-free entry countries/regions (B-2) are eligible for K-ETA (112 in total). However, due to COVID-19, currently only the nationals of 50 countries/regions (refer to Q1) can apply for K-ETA. The nationals of K-ETA suspended countries or K-ETA ineligible countries need to obtain a visa at a nearest diplomatic mission of the Republic of Korea.

Q9. Can I apply for K-ETA via private agency websites?

- A. The official K-ETA website ([www.k-eta.go.kr](http://www.k-eta.go.kr)) and the mobile application (K-ETA) are the only official application channels operated by the government of the Republic of Korea. And the Government of the Republic of Korea has

not appointed any agency for K-ETA application. Please be aware of those websites because some are charging excessive processing fees or trying to deceive the applicants.

Q10. How can I apply for K-ETA for 'Priority Entry (Business) Persons'?

- A. The domestic company needs to apply for K-ETA for 'Priority Entry (Business) Persons' through the department in charge related to their business institutional industry on behalf of the foreign invitees. After verifying the entry purpose, the department in charge sends an official letter to the Ministry of Justice to review the validity of the K-ETA issuance. For more information, refer to [Notice]-[K-ETA Application Guide for 'Priority Entry (Business) Persons' (effective from 1 September)] updated on the official K-ETA website.

Q11. I have both Korean and foreign nationality. Do I need to apply for K-ETA?

- A. By the rules, those who have Korean nationality must use the Korean passport to enter and leave the Republic of Korea. In this case, they do not need to apply for K-ETA.

Q12. If I obtain K-ETA approval, am I exempted from quarantine? And where do I apply for quarantine exemption?

- A. K-ETA is irrelevant to the quarantine exemption. Therefore, even if you receive K-ETA approval, you need to be quarantined unless you are eligible for the exemption. For quarantine related matter, contact the Korea Disease Control and Prevention Agency and for the quarantine exemption, contact a diplomatic mission of the Republic of Korea (Ministry of Foreign Affairs).

Q13. I want to extend the period of stay after entering Korea via K-ETA. Is it possible?

A. In principal, foreign nationals cannot stay in Korea beyond the period of stay granted upon entry. If they want to stay long-term, they need to obtain an appropriate visa at a diplomatic mission of the Republic of Korea. Those who enter Korea visa-free via K-ETA can stay up to the visa-free sojourn period\* granted to their country per visit. For details, refer to the [Notice]-[Allowed Period of Stay by Country Eligible for K-ETA] updated on the official K-ETA website.

Q14. I want to change the status of stay after entering Korea via K-ETA. Is it possible?

A. In principal, those who want to enter Korea for profit-making activities, study, or work are required to obtain a visa suitable for the purpose at a diplomatic mission of the Republic of Korea, not K-ETA. It is not allowed for those who enter Korea with K-ETA to change the status of stay in principal. But, if you want to check the possibility, contact the 1345 Immigration Contact Center or visit the Hi Korea website ([www.hikorea.go.kr](http://www.hikorea.go.kr)).
