

# ECCK 2024 PROMOTION

A close-up, 3D-rendered image of a white and grey electric vehicle charging station. The station has a glowing blue ring around its central opening. The logo 'EVBOX' is embossed on the dark grey inner circle. The 'O' in 'BOX' is replaced by a circular icon containing a grid of dots, representing a battery or charging status. The background is dark with blue ambient lighting.

## Greencharge's special ECCK 2024 Promotion

### Introducing: Elvi

To celebrate the year of the blue dragon, we are launching a promotion for all ECCK members for our Elvi Smart AC Charger up to 24% discount!

The discount applies for our full option Elvi 32A station including LTE, Bluetooth and Wi-Fi connectivity modules.

All Elvi's are fully future-proof with capability up to 7 kWh on type 1 setup and 22 kWh scalable if type 2 EU standard is preferred.

available models are "Polar White" and "Misty Black".  
The 24% discount applies for orders from two stations, orders for one station receive 12% discount.

## ECCK Members' Premium Warranty Plan

Next to the discount all ECCK Members' orders will come with Greencharge's Premium Warranty package.

Five years warranty on the hardware components.

Two years warranty on the electrical installation, if contracted via our certified installation partners.

Two years free of charge on management software maintenance and firmware updates.

## ECCK Members' Premium After Service Plan

24 hours response time to service requests, followed by 48 hours response window for mechanic station inspection if required.

Two years free of "Swap & Greencharge" plan.

Swap & Greencharge is our unprecedented AS service in Korean market, in which on hardware component failure temporary charger will be swapped conveniently due to the modular design to allow continuous charging uptime while any defective charger will be reviewed/repared at our own AS center.
